

An extensive collection of pneumatic equipment from the most basic to the new energy saving range of devices

Tube & Fittings
Valves
Cylinders & Actuators
Positioners

YOKOGAWA

Showing off their new loop powered magnetic flowmeter and wireless transmitters.

Flowmeters
Pressure Transmitters
Temperature Transmitters
Control & Recording Instruments

Temperature °C Controls

Custom temperature sensors and a range of display solutions and signal converters for all applications.

Temperature Sensors
Level Sensors
Indicators & Transmitters
Thermowells & Fittings

VEGA

Non-contact level measurement and level switches for both liquids and bulk solids

Radar
Ultrasonic
Capacitive
Vibrating Sensor

Handheld measurement & calibration, signal converters, recorders and signal conditioning

Handheld Calibrators
PC & Industrial Recorders
Signal Converters
Indicators

ADVANTECH

Embedded PC Solutions
Fanless Computers, Panel PCs and Displays

Panel PCs
Industrial PCs
Fanless PCs
Displays & Converters
